

S3500
Hygienic Seat

hygolet 
hygiene solutions

The 4th generation

Hygiene and cleanliness are sensitive areas of a person's intimate sphere. The use of public and semi-public toilets is often a source of discomfort. The S3500 eliminates this discomfort by demonstrating that the toilet seat is clean and dry before every use.

S3500 Facts

Hygolet hygienic seat - Our S3500 hygienic seat makes sure that everyone has a clean toilet seat to sit on without worrying about the traces left behind by previous restroom users. These traces can include everything from skin cells, to germs, to blood, to human waste.

The system provides **visual proof** to each restroom user that they have a clean toilet seat to sit on.

Increases the **image and customer service** level of restrooms, pleasing customers

and employees, and reflecting positively on a company's image.

Equipped with the **flexible Hygolet mounting bracket**, the S3500 can easily be mounted on almost any toilet bowl.

Easy maintenance through **quickly exchanged disposables** and an easy-to-clean design.

Reduces **cleaning time and even plumbing costs** by protecting pipes from being clogged with paper used to cover the toilet seat.

Hygoplast, the film used to cover the toilet seat ring is made of a strong high-density polyethylene, it's production and disposal is far **less harmful to the environment** than that of paper.

Blade
sharp,
double-sided,
durable

Motor module
energy efficient,
dynamic display

PowerPack
industrial strength,
long lasting,
easily replaced

Hygoplast roll
quick installation,
compact,

Hygoplast
comfortable,
clean,
tear-resistant

In seconds,
a clean and dry
toilet seat, we
call this hygiene.

Part Specific Statements:

Blade:

The blade slits the Hygoplast before it rolls onto the disposal roll core, ensuring that it cannot be reused.

Motor module:

The compact unit contains the electronics and motor, its built-in display shows the amount of Hygoplast remaining on the roll and the status of the battery.

PowerPack:

The battery pack powers the S3500 hygienic seat and can be easily replaced after its long life.

Hygoplast roll:

The skin-friendly, ultra-thin polyethylene film covers the toilet seat ring with each sensor activation and promises a clean and untouched seating for every restroom user.

Sensor

A clean seat with just a wave of your hand

NUESTROS CLIENTES

¿Quién no ha sufrido la desagradable situación de ir a un baño completamente sucio?

Papel higiénico en el piso, el bote de basura saturado, la tapa salpicada y con residuos de todo tipo. Tener que tocar la taza para intentar poner papel.

En restaurantes, oficinas o tiendas comerciales, no podemos evitar tener que ir al sanitario.

“La superficie de un baño sucio puede llegar a convertirse en un lugar idóneo donde los microorganismos encuentren las condiciones necesarias de humedad y temperatura para poder crecer y desarrollarse”

Apunta la doctora Alejandra Pérez-García, del departamento Microbiología Clínica

Lo más importante es poder tener una buena impresión para clientes y visitas.

**¿En tu establecimiento ofreces el servicio ideal para todos los usuarios del sanitario por igual?
hombres, mujeres, personas con alguna discapacidad , niños**

La solución de higiene para todos los usuarios de un sanitarios, ofrecer a tus clientes un baño la oportunidad de ir a un inodoro limpio es posible.

El saniasiento ofrece siempre un asiento NUEVO

¿CÓMO FUNCIONA?

Se instala en cualquier inodoro.

Para activarlo debes de pasar la mano por el sensor.

Este activa el asiento, gira una funda de plástico por asiento.

*El rollo hygolplast tiene 125 fundas.

Tienes un asiento libre de residuos,

**TOTALMENTE NUEVO Y LISTO PARA
USAR.**

IDEAL PARA:

Lugares públicos

Para baños de mujeres, así brindas comodidad e higiene máxima para ellas

Para personas discapacitadas, así tendrán un asiento totalmente limpio en caso de tener que tocarlo para poder acomodarse

BENEFICIOS:

Un asiento **NUEVO Y LIMPIO EN CADA USO**

Ahorro de papel higiénico

Sin necesidad de limpiar y tocar residuos de alguien más.
